East Sheen Primary School

Newsletter *12 March 2021*

Welcome Back!

It has been wonderful to see everyone back this week. The teachers have been delighted to teach 'real children' without the need for a screen. Thank you for following the Covid procedures to protect everyone at school.

Happy Mothers' Day

We wish everyone celebrating Mothers' Day on Sunday a very happy and relaxing day!

Red Nose Day

Next Friday the school will celebrate Red Nose Day. Children are invited to wear a funny hairstyle, paint red noses on and/or wear red clothing. This year, we are not asking for donations to be brought into school. Instead, we have a Justgiving page where donations can be made (please see the link below). All donations will be very gratefully received.

Science Week

This year's theme is 'Innovating the future' – celebrating the amazing diversity we see across the world.

5-14 March British Science Week 2021

Here are some examples of the activities that have been taking place at home and in school.
