

EAST SHEEN PRIMARY SCHOOL

Equality Statement

We are very proud of our diverse community and our reputation for inclusivity in all its forms, including with regard to celebrating cultural, social, ethnic and religious backgrounds, our approach to those with Special Educational Needs and Disabilities and our commitment to comply with the Public Sector Equality Duty (PSED). We celebrate our shared British values and enjoy the richness of the variety of cultures, faiths and languages which exist within our school. With an increasing percentage of children and families with English as an additional language, we continue to develop strategies to support communication between home and school. We retain links with the Richmond and Hounslow translation service to improve communication with parents who do not yet speak English and with our local Children's Centre which offers language and literacy skills classes for parents. Within school, our staff speak a range of languages and we use this resource to support parents and children as appropriate. We continue to promote our inclusive and diverse community and engender our sense of self-worth through the celebration of difference and identity. We celebrate a wide range of significant events that represent the communities in our school and use a range of strategies to develop vocabulary and story understanding for children with English as an additional language.

Our objectives this year are:

- to increase the role of diversity ambassadors in improving pupil voice around diversity, and support them in their project-work
- to engage with the diverse parent community and re-establish links post-covid.
- to ensure the provision of the PSHE curriculum is well sequenced and covers both the statutory 'Relationships Education' and other areas of diversity, including 'celebrating differences' and 'being me in my world'. (*This is a continuation of 2021/2022 objective to further embed.*)
- to raise the percentage of children from disadvantaged backgrounds, as defined by school PPG, achieving the expected standard at the end of KS2.

At East Sheen Primary School, we are committed to ensuring equality of opportunity in line with the Equality Act of October 2010. We seek to demonstrate this through all aspects of school life and in particular through our commitment to every child fulfilling their potential. This commitment applies to our work in the classroom, our pupil support systems, our recruitment and retention of staff and our work in the local and wider community.

As a school, we will ensure that all pupils have the opportunity to achieve the very best that they are capable of and will also guide parents on how they can support their child's achievement. Where pupils experience barriers to their success, we will work with them to address these in a sensitive and sympathetic way.

Through our work in the classroom, we will ensure that pupils understand the importance of equality and what forms discrimination can take and the impact discrimination can have. We will also seek to foster within our pupils their own commitment to promoting equality.
