

Year 6 Private School Reports

As discussed at the Year 6 curriculum evenings earlier this term, we have reviewed the reporting options for private school applications. If you are applying to private schools for your child please confirm in writing to the class teacher which of the options below you would prefer.

- 1) Year 5 report emailed at no cost
- 2) One written report (general not personalised to the specific school but containing all standard required information) to be attached to any school application - £25
- 3) £25 per specific report to schools (music or sport scholarships)

After all applications have been processed we will write to you with an invoice total.

If you have any questions please speak to your class teacher.
