

Dear Parents and Carers of children in Year 6,

If you are thinking of applying for a school place in the independent sector, it is likely that the school will ask us for a reference. So that we can do our best for your child it is essential that we have as much relevant information as possible to assist us in the completion of these references. Please fill in the following form as fully as possible. If there are other factors that you feel should be included in their reference, please continue on a separate piece of paper. All information will be treated in confidence.
