

# Becoming a “Thinking School”

HABITS  
OF  
MIND

at East Sheen Primary School

# There are 16 Habits of Mind

**"An open mind  
leaves a chance for  
someone to drop  
a worthwhile thought  
in it."**

**--Mark Twain**

- They are really good-they make learning fun!
- It is fun to think about thinking!
- They help us work things out with our friends
- They are useful for when we are older-they prepare us for life
- They inspire us

# Thinking about thinking

*Being aware of your own thoughts, feelings, and actions and their effects on others.*

It just makes you step back and even realise you are thinking!

# Thinking flexibly

- This means you can look at it another way, consider different options and answers. There is not necessarily always one right answer!
- It also means it is OK to change your mind.

# Stop and think!

- This is really important. Sometimes we say things or do things without thinking it through.
- This helps us consider our choices and gives us time to make the right choice.
- Sometimes we say hurtful things without thinking about how sad we make other people feel, or do something without thinking about the consequences-that we will end up in trouble!

Find the world  
awesome, mysterious  
and be intrigued with  
phenomena and  
beauty. Be passionate!

Responding with  
wonderment and awe.

Be aware.
