PTA Garden Makeover

The PTA have funded a fantastic makeover of our gardens. The border in the East Sheen playground has been raised and replanted. In the Putney playground all of the borders have been restocked with trees, shrubs and herbs. The new planting looks amazing and we look forward to watching it grow and mature.

We will be launching a poster competition, one for each of KS1 and KS2, to create a design to encourage children to look after the gardens and to stay out of the borders; balls, feet and plants are not a good mix! Prizes will be awarded for the best design and the posters will be copied and displayed around the playgrounds. More details to follow.

Safety in the Playground

Please can we remind parents and carers that cycling and scooting is prohibited in the playgrounds. Please ask your children to dismount at the gates and push their bike/scooter to the storage. This is to avoid injury in the busy playgrounds during drop off and pick up.

Sheen in the War Years Assembly

Congratulations to Year 4 who presented a wonderful assembly on Wednesday, first to parents and then to the whole school. The assembly sensitively reflected on the hardships of the war particularly the impact on evacuees. It also included some rousing singing to lift spirits. It was a great performance Year 4!

Hoop Hanging

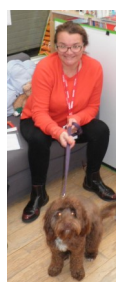

Throughout the school children have been busy creating Christmas decorations for the school hall ready for the Christmas Fair. This is now a

long standing tradition and normally follows a colour theme; this year classes were targeted with an extra requirement. Hoops must be as eco-friendly as possible, glitter is banned and no new resources could be purchased to make the hoops. The results are delightful; do take a look when you are in school.

Reading Dog

We have a new recruit! Coco is our new reading dog who visits school each week with her owner Victoria White (an ex-parent of ESPS). Our children love to read to Coco, they enjoy the calm environment and feel more confident to tackle their reading.
