Star Learners

Miss Goodwin was very impressed with the art work that J submitted. The children had been tasked to design a mosaic. J has taken lots of care to design his work and we particularly love the sentiment!

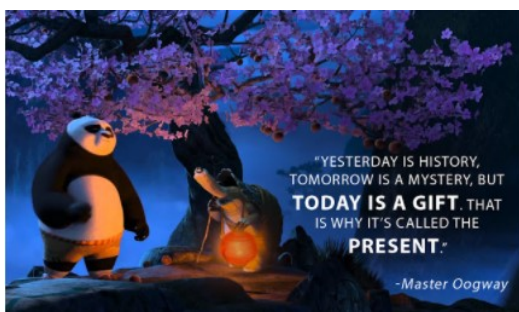

In Mrs Jensen's class Z has been working hard on all of her assignments. She is taking care to include lots of detail and has been using the habit of mind 'get it right' by checking her work. This picture is Z's response to Anthony Browne's art work. The challenge was to create a picture looking into a window, which reflected our emotions during lockdown. She has included evidence of home-learning on the table and shown emotion in the little girl's face. A real lockdown picture! Well done Z.

Pastoral Care Team

Hello to all our amazing families! We hope you are managing to access our home learning and feeling good about it! If not, we are here to support you and your child's wellbeing as best we can. There may be raised anxiety or worries around connectivity or access or about expectations in general. If you have any worries or concerns in this regard, then please raise them with us by contacting the Pastoral Care Team on pastoralcare@eastsheen.richmond.sch.uk. A member of the team will aim to get back to you by the next working day with a response. Your wellbeing continues to be our priority.

Fran Foley, Pastoral Care and Inclusion Manager.

Home Learning

Did you know? If you have a Playstation or Xbox games console both have web browsers available and, with an attached USB keyboard and mouse, they can be used to access home learning. This may help to ease demand on devices at home.

Little Changes Make a World of Difference

Earth is the only planet where humans, animals and plants can live.

We can all play a role in taking care of our world and, at East Sheen, we are proud of the part we play in making our school as 'green' as possible.

We would like everyone to carry on caring for the planet, even though we cannot come to school at the moment. So, each week, we will be sending home simple ideas and mini projects for you to have a go at to help reduce waste and make our planet a better place for everyone.

Remember, if we all make **small** changes, we can make a **BIG** difference!

Look out for your year group's 'green' project on Teams each week. Do send in photos of your 'green' projects to Ms Robinson at info@eastsheen.richmond.sch.uk so we can see your fantastic efforts.

Blue Peter

The TV programme, Blue Peter has been launched on YouTube. It is completely free to subscribe at
